Dear Adam;

Re: Dishwasher Magic® Application for Registration  
EPA Registration Number 74286-R  
Response to EPA Letter Dated December 14, 2001

In response to your letter and to Nancy Whyte's request, I respectfully submit to the Agency the following in order to complete the product chemistry review for the Dishwasher Magic application for registration:

- 1) A revised CSF with the correct lower limit listed for the fragrance in the product. I have enclosed four (4) copies for the Agency's file.
- 2) A certificate of analysis for citric acid from the supplier for Dishwasher Magic. It is enclosed as Volume 1 of this submission.

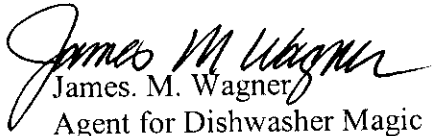

A certificate of analysis for the fragrance in Dishwasher Magic should have been received in your office under separate cover in a letter addressed to you from [REDACTED]  
[REDACTED]

I understand from your letter that the toxicology data has been reviewed and accepted. With regard to the efficacy data, Frank Sanders has promised a decision from the Agency no later than January 15, 2002.

*\*Product ingredient source information may be entitled to confidential treatment\**

Please forward these materials to Ms. Whyte so that she can complete her review. Please call me at (302) 234-8550 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "James M. Wagner". The signature is fluid and cursive, with the first name "James" being more prominent.
